

- I understand that attending all scheduled appointments is extremely crucial to my laser hair removal results. Missing scheduled sessions will severely impact the overall effectiveness of my treatments.
- I understand that attending my scheduled appointments is my responsibility.
- I understand that my results are no longer guaranteed if sessions are not attended every 6 weeks.
- I understand that more than 6 sessions may be needed to achieve maximum results. Yearly maintenance is strongly recommended to maintain results.
- I understand in the case of hormonal imbalances including stress related changes and/or pregnancy, the hair reduction process could be severely impacted and any/all results may be lost.
- I understand that it is my responsibility to inform the laser practitioner of any changes in medical history including any medications that may be taken at the time of my appointment.

CANCELLATION POLICY: I understand that I will lose one session of my package for each missed appointment in which 24 hours notice is not given.

Thank you for understanding,
Laser Luxe, LLC. Staff
